What does it's future look like?

Why is this kind of promotional activity good for the future of rail trails?

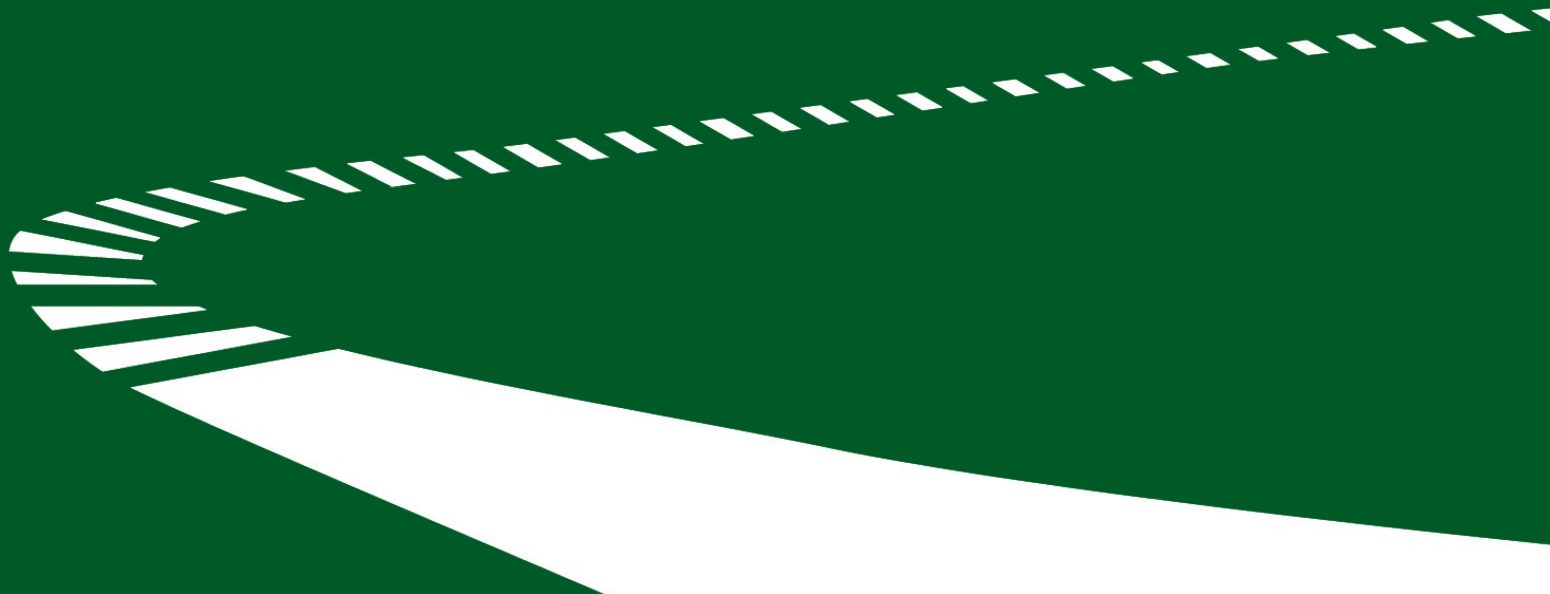

- More people benefitting = more trail advocates
- Promotional programing engages new collaborators
- Data opens new funding sources

How can my trail group start a CWA chapter?

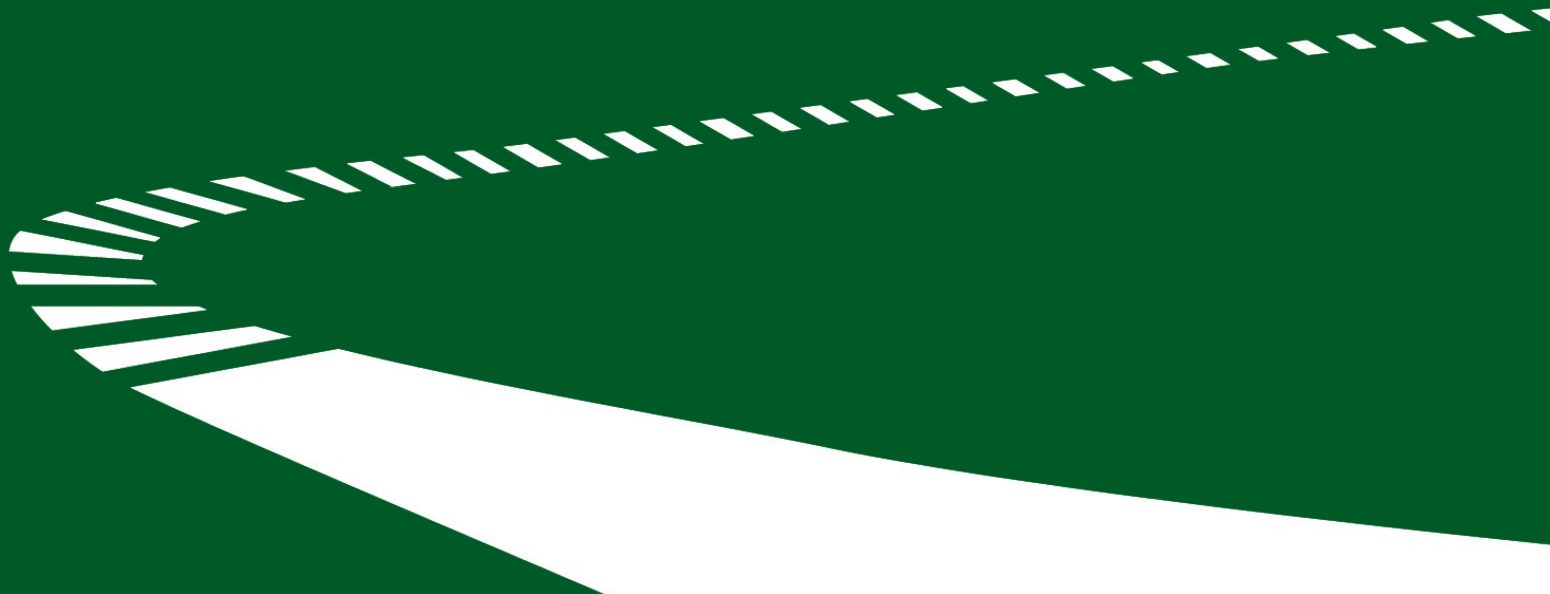

Four Essential Collaborations

- Source of pilots
- Insurance
- Funding
- Source of passengers

How is CWA going in Lebanon?
What might the future hold?

In the words of our participants

"I can't believe this is right in my backyard. I'm still grinning!"

"My passengers asked what time I was picking them up tomorrow!"

"A lovely ride for three generations of Smith's on the greenway"

"Woo-hoo!" -a 91 year old woman

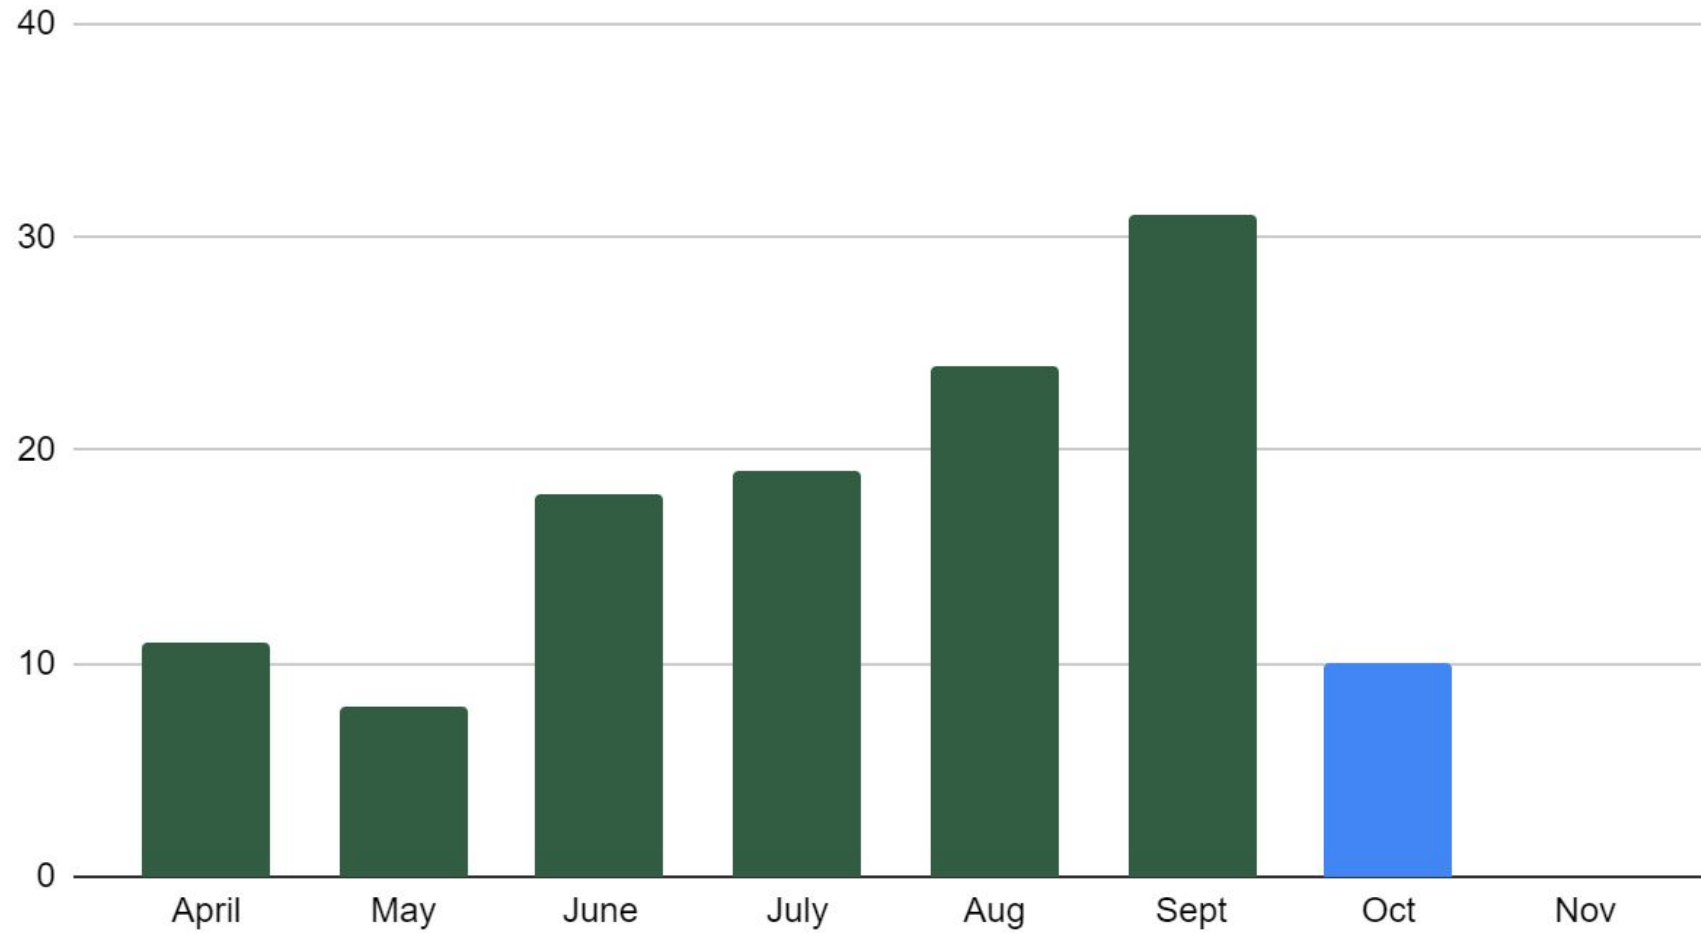

"There were kids from the Charter School in the tunnel and they were so psyched to see us and were taking pictures... I asked one of them to take one with my phone. They were high fiving my mom and Betty. Made my heart feel good!" -Pilot Linda

"We had the best time! I even sang! It was the most marvelous delightful thing we did all year, and you should know that you're doing something very important." - Passenger Myrna
