- *Winchester Trail Riders*

**Westmoreland SnoBelters**

- NH Bureau of Trails

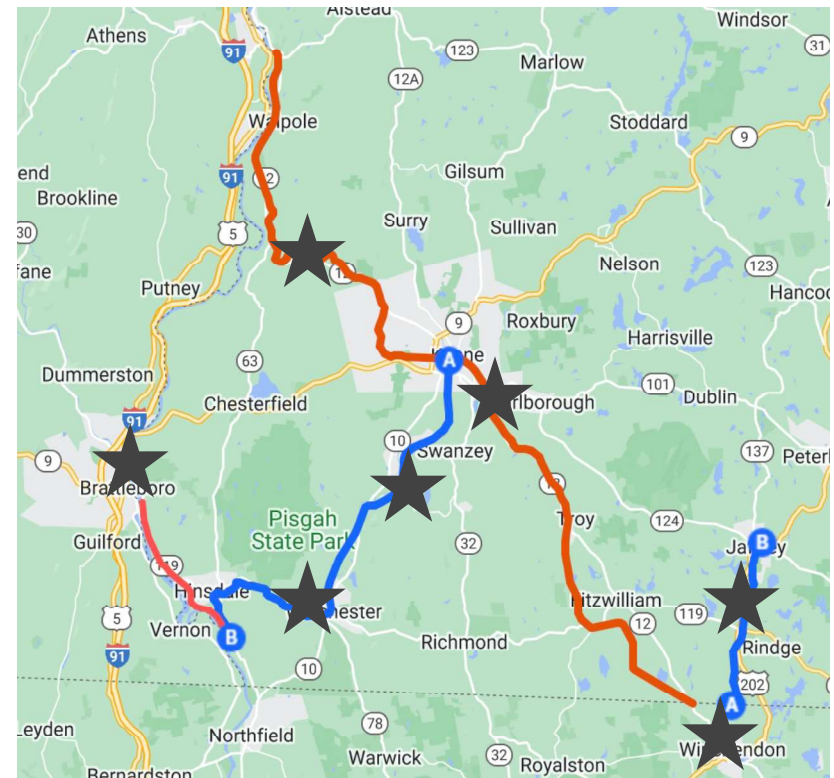

**MONADNOCK SNOMOLES**

# Examples of Collaborative Projects

- Collaborations Include:
  - *Trail Maintenance*
  - *Project Planning*
  - *Fund Raising*
  - *Grant Writing*
  - *Equipment Purchases*
  - *ArcGIS Mapping*
- **“Provides year round use and maintenance, a win for all users”**

# Examples of Collaborative Projects

- Mowing, Trimming

# Examples of Collaborative Projects

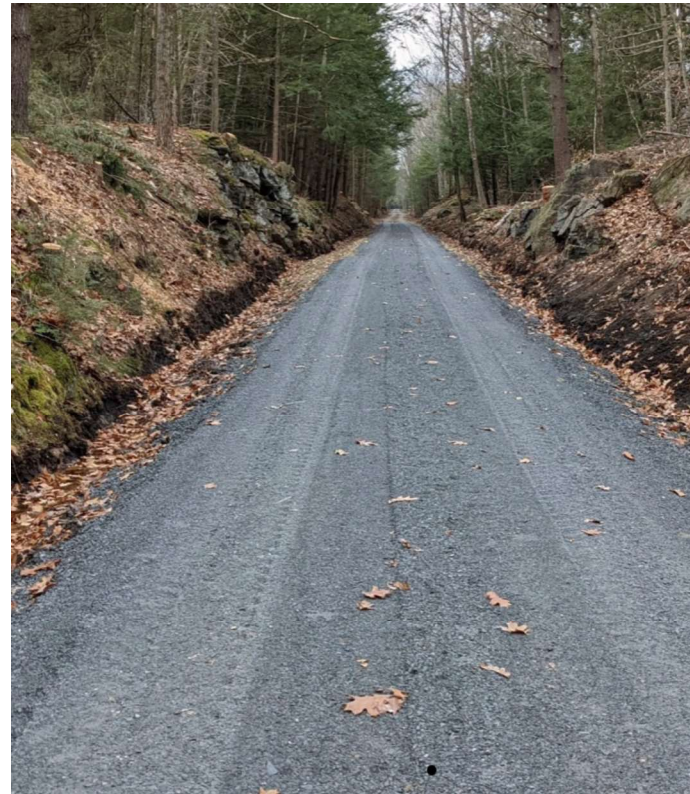

- **Bridge Redecking**

# Examples of Collaborative Projects

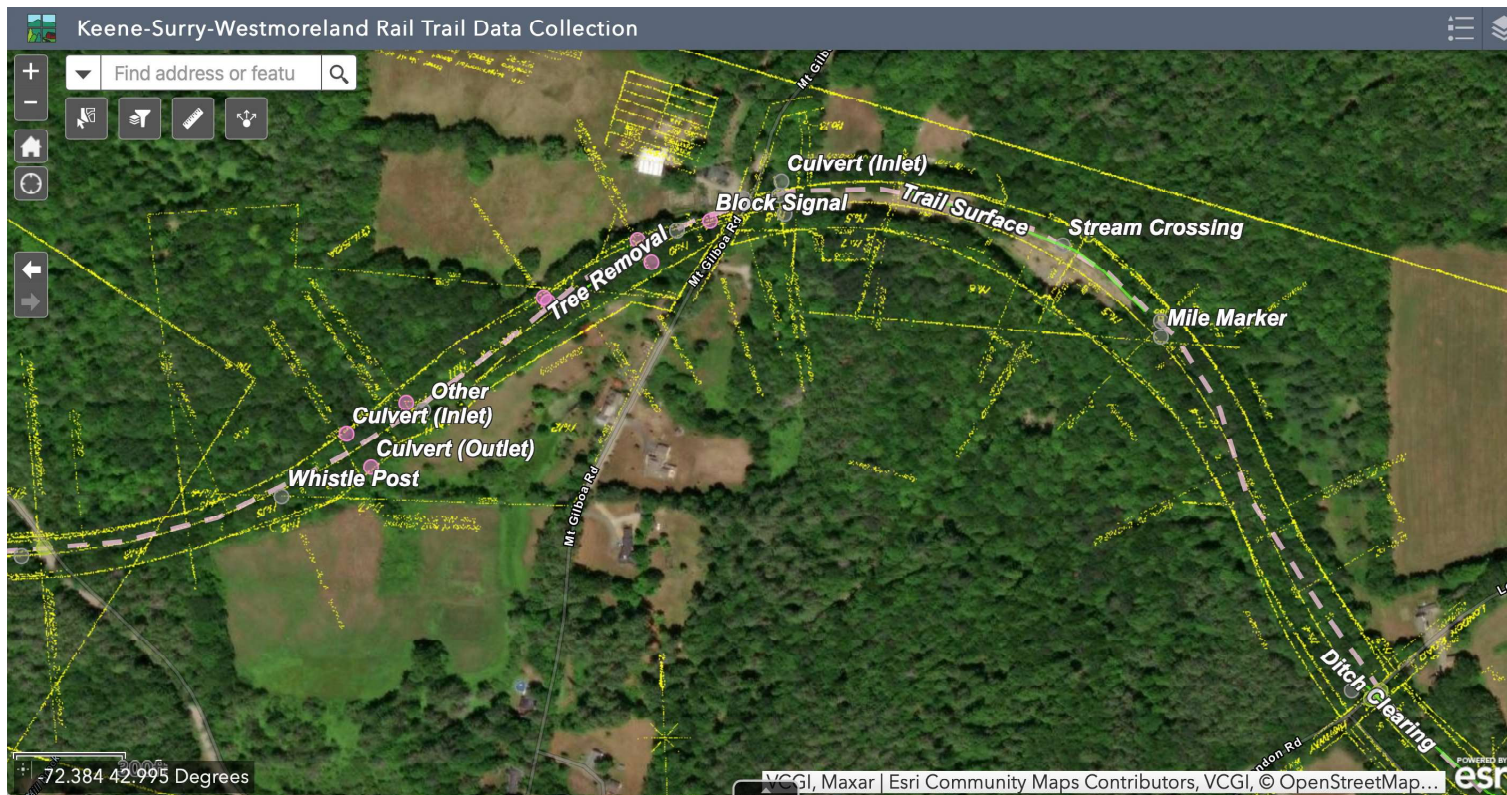

- **Excavating, Ditching, Resurfacing**

# Examples of Collaborative Projects

- **Mapping: ArcGIS: With Southwest Region Planning Board, Bureau of Rail and Transit and NHBOT**

# Examples of Collaborative Projects

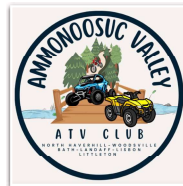

## Cross New Hampshire Adventure Trail

- NH Bureau of Trails

**Whitefield Sno-Kings**

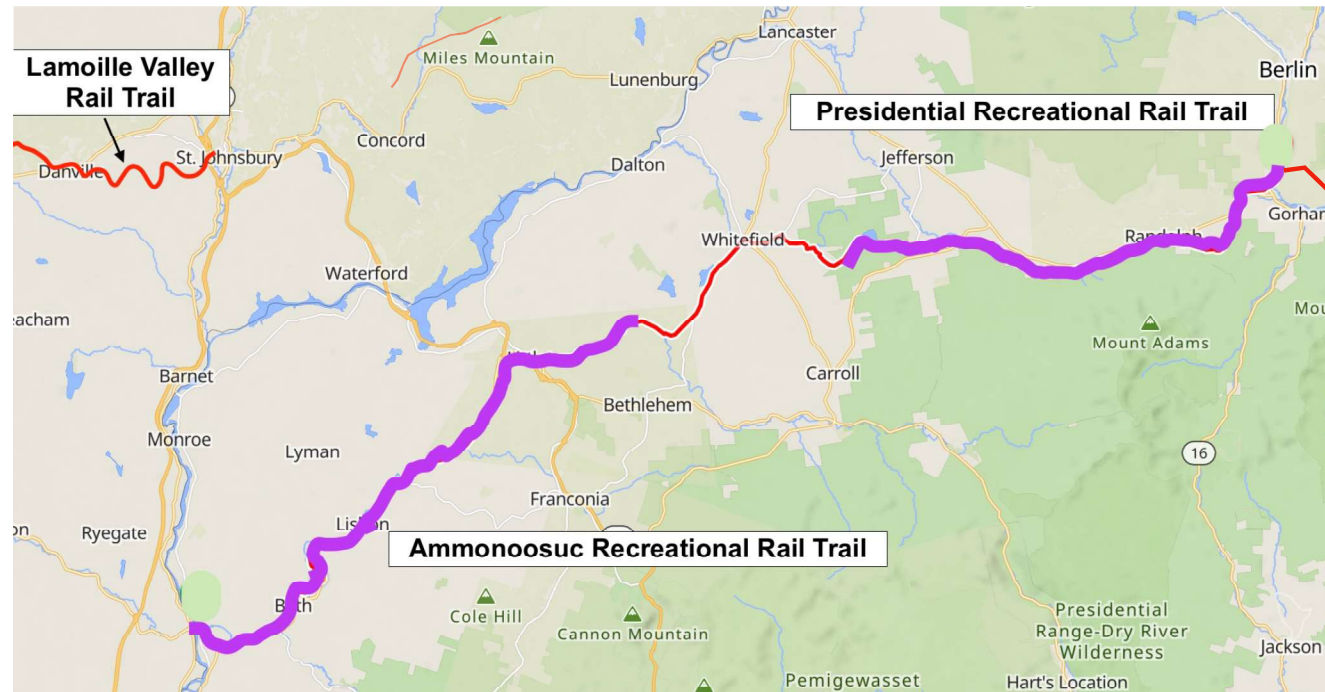

- Snowmobile Clubs
- Ammonoosuc Valley ATV Club

# Examples of Collaborative Projects

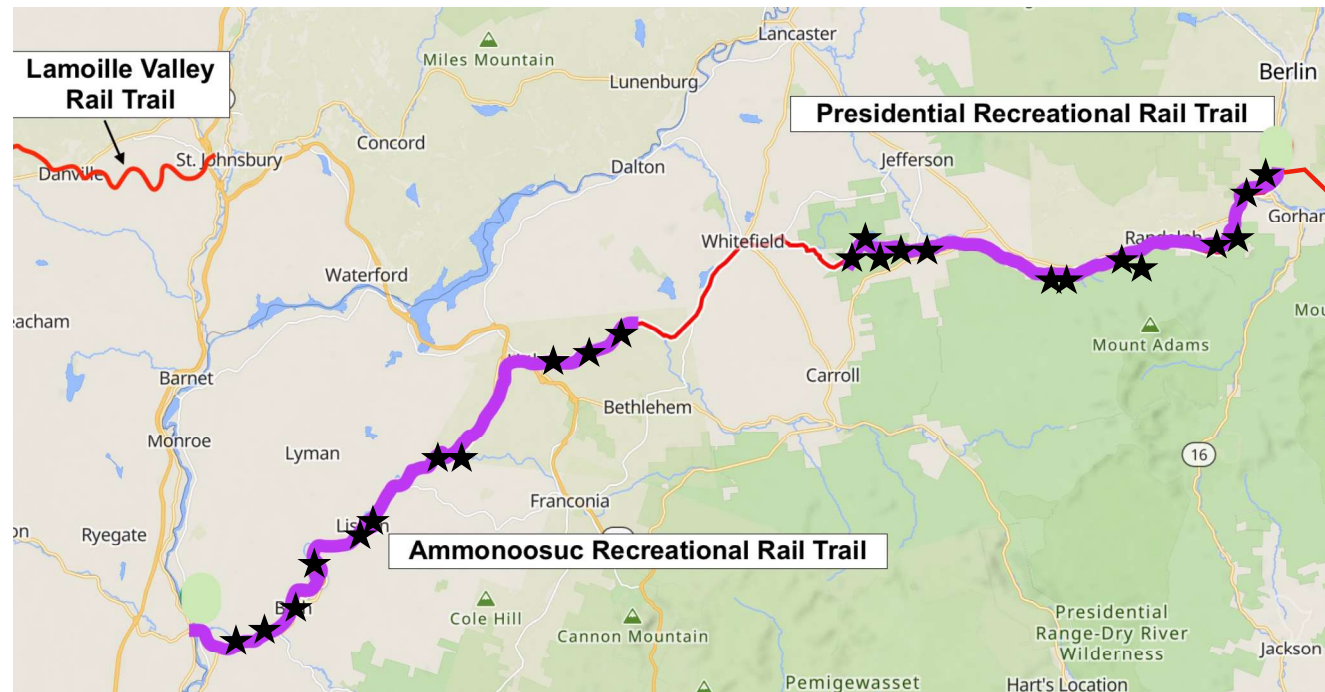

- **Collaborations Include:**
  - *Trail Restoration*
  - *Trail Surfacing*
  - *Trail Extension*
  - *Match Funding*
  - *Grant Awards*
- **“Work together to make the trails safe and enjoyable for ALL allowed users”**

# Examples of Collaborative Projects

- **Collaborations Include:**
  - *Trail Restoration*
  - *Trail Surfacing*
  - *Trail Extension*
  - *Match Funding*
  - *Grant Awards*
- **“Work together to make the trails safe and enjoyable for ALL allowed users”**

# Examples of Collaborative Projects

# Beaver Dams, Yes. Beaver Damage, NO!

*Collaboration: NH Bureau of Trails, USF&W, xNHAT, Skip*

**Installation of 10  
Beaver Deceivers to  
control Flooding  
on the Presidential  
Rail Trail**

# Restore the Railbed: Ditching, Grading, Crowning of 4.6 miles of the Presidential Rail Trail

*Collaboration: NH Bureau of Trails + xNHAT*

**Before: Water flows down the trail**

**During: Ditch, Grade, Crown**

**After: Water flows down the ditch**

# Ammonoosuc Rail Trail Restoration and Resurfacing Grading, Ditching and Surfacing 0.6 miles

*NH Bureau of Trails, Ammonoosuc Valley ATV Club, xNHAT*

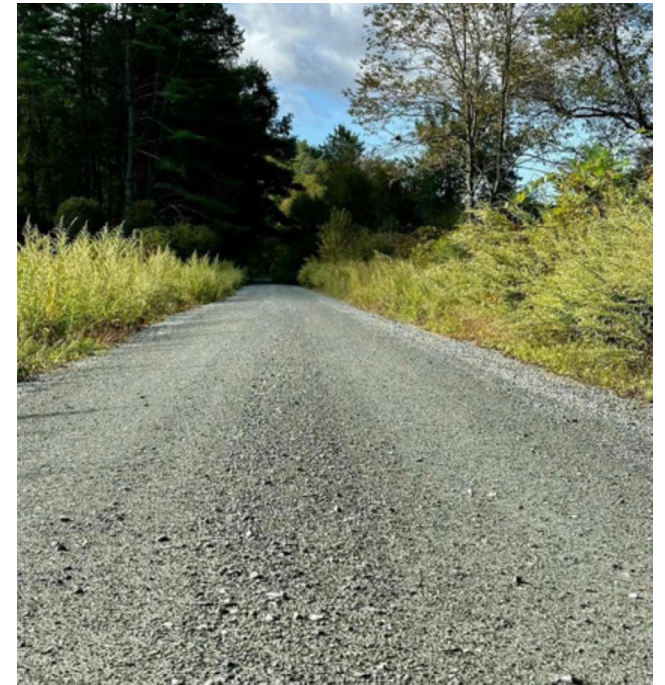

**Before**

September 12, 2022

**During**

September 30, 2022

**13 Months Later**

September 25, 2023

# Examples of Collaborative Projects

## Rail Trail Extension Projects: Track and Tie Removal

**Track/ties not good for walking,  
biking or horses**

**Low snow makes sledding the  
rail corridors dangerous**

# Examples of Collaborative Projects

## Rail Trail Extension Projects: Track and Tie Removal

**Ammonoosuc RT: 4.4 miles eastward, another 2.3 miles starting in November  
Four seasons of recreational use!**
